OFLC Ref:

Reason(s) for Excision:

Excision 1. 46:40 - 47:45

Remove the depiction of a woman who lies prone with her eyes closed below two men, who in turn masturbate to ejaculation over her face. The males talk over the female during this activity in a manner that degrades and dehumanises the female. The act of talking over the female lowers her dignity by reducing her face to a surface upon which to ejaculate and divests her of human characteristics.

Excision 2. 96:23 - end.

Remove the entire last scene which depicts double and triple vaginal penetration with simultaneous anal intercourse. The extended close focus shots of multiple penetration of the female presents in a dehumanising manner that reduces the female to a collection of orifices divested of other human characteristics for the benefit of the viewer.
